

Dynamo Flashlight Foldable Walking Cane!

This amazing foldable walking cane is equipped with a flashlight, emergency loud siren, and safety flashing red warning light. With its high intensity LED light that shines brightly from the handle, one will be sure to use this often in dark or dim lit areas. No batteries are every needed—Just crank it for a minute for long lasting bright light, warning light, or siren. Perfect for the elderly and assisted care, it can also be used as as hiking stick, or for walking at night in safety. Easy to carry and store in small bag.

Features:

- Easily folded into four parts in seconds
- Folding cane easily adjusts from 33" to 37" tall
- Shock absorbing tip provides traction and stability
- Use the built-in hand crank for 1 minute for 40 minutes flashlight, warning light, or 5 minutes loud siren from the handle

Suggested retail price:
\$69.95
